

Mitgliedschaften und Kooperationen

Wir sind Mitglied in verschiedenen Vereinen und Arbeitskreisen / Fach- und Branchenverbänden und als Partner bei strategischen Forschungs- und Entwicklungsplattformen aktiv, die eine gezielte und effektive Zusammenarbeit von vielen Interessensgruppen aus unterschiedlichen Bereichen unterstützen. Neben der Bereitstellung von umweltfreundlichen Mobilitätslösungen der Zukunft werden auch Themen wie z.B. Sicherheit, Automatisierung und Dekarbonisierung gemeinsam vorangetrieben. Ein weiterer Fokus bei der Auswahl unserer Kooperationen liegt auf der Förderung bei Aus- und Weiterbildung von Fachkräften in technischen Berufen.

Unser Ziel ist es durch diese Engagements, für den Unternehmenserfolg relevante Themen aufzugreifen - auch im Bildungsbereich, gemeinsame Interessen zu bündeln sowie gesellschaftliche, ökologische und wirtschaftliche Herausforderungen zukünftiger Mobilität zu meistern.

Nachfolgend findet sich ein Auszug unserer wichtigsten Mitgliedschaften und Kooperationen:
